PDCC 2018 CONVENTION & TRADESHOW

Contractor Seminars

Blueprint Reading Basics

CORY THOMAS-FISK is a Professor at Consumnes River Community College, teaching Construction Management Technology field of study. Professor Thomas-Fisk will provide introductory information on how to read blueprints. This seminar is geared toward painting contractors who need basic blueprint reading skills.

Friday | 8:30am – 9:50am

Injury Prevention – IIPP Simplified

ALEX MILLER is the Director of Safety Services for Leavitt Pacific Insurance. Did you know that Federal and State laws require every employer to have an Injury & Illness Prevention Program (IIPP)? Alex Miller will simplify the process and help you make your IIPP compliant and effective.

In tandem with Mr. Miller's seminar, PDCC will be rolling-out its customizable IIPP Program that we've designed for our painting contractors!

Friday | 8:30am – 9:50am

Airless Safety & Best Practices

DON PEER is the Senior Account Manager, Contractor Equipment Division of Graco Inc. Don will be covering Safety, Best Practices and Exclusive Features of the Graco line of paint sprayers.

Friday | 10:00am – 10:30am

Wellness for Painters

DON EASTON is the owner of Easton Painting, President of the PDCC Sacramento Chapter and Past President of the PDCA Craftsman Forum. He is an avid supporter of painting contractors staying well and healthy.

Friday | 10:00am – 10:30am

Cost & Estimating Workshop – Estimate Like a Pro

RANDY FORNOFF has been a paint contractor for over 35 years. He is General Manager and President of MTS (My Three Sons) Painting and Property Services Inc. in Phoenix, Arizona. A Past President of the PDCA Residential Forum and an EPA Accredited Teacher, Randy is married to Christine. They have 8 children. They enjoy boating and community service.

You will learn how to perform painting estimates that are standardized, consistent, and best of all, profitable. Discussion will include determining scope of work, how to perform quantity takeoffs, calculating labor, material, and additional job costs, calculating proper overhead, and profit making strategies. The session also includes spreadsheet estimating techniques and an overview of estimating software.

Friday | 10:40am – 12:00pm
