

EPA-RRP – Renovation, Repair and Painting Certification and Refresher Courses

Are you complying with the law and keeping your customers safe from lead paint and other contaminants?

As of April 22, 2010, anyone doing repair or contract work to a home that was built pre-1978 is required to be an EPA-RRP (renovation, repair and painting) Certified Professional. That means painters, general contractors, renovation specialists, electricians, plumbers and even property managers.

PDCC has partnered with Contractors Business Centers to offer EPA-RRP Certified Renovator & Refresher Courses.

To [Register](#) for an RRP Certification or RRP Refresher Course and [Receive the PDCC Member Discount](#), or to learn more about the program and course schedule, contact:

Contractors Business Centers
Mary Birch | 818-458-7842 | MaryB@cslscorp.com

PDCC Members will receive a 15% discount on EPA-RRP Certification and EPA-RRP Refresher courses.

The discounted tuition fee is \$190 for RRP Certification and \$105 for RRP Refresher Course (regularly \$225 and \$125).

Training Facilities: Sacramento, Fresno, Oakland, San Francisco, Concord, San Jose, Bakersfield, Van Nuys, Orange, Riverside, San Marcos, San Diego

EPA-RRP Certification

This course will teach you how to comply with the EPA Renovation, Repair and Painting Rule, the HUD Lead Safe Housing Rule, and how to perform lead-safe work practices safely and effectively. CBC will walk you through all the necessary laws and statutes, as well as the health risks posed by specific building materials, so you can avoid and remove them safely. Whether you have dozens of construction professionals on your team or work as a solo contractor, this short course is a great way to keep your company in line with California law and the industry's best practices.

Discounted Tuition Fee to PDCC Members: \$190

EPA-RRP Refresher Course

Are you keeping your EPA-RRP certification up-to-date? Certified Renovators are required to renew their EPA-RRP Certification every 5 years or 3 years. In-person classroom instruction is valid for 5 years. If taken online, the EPA Lead Renovator Refresher course is valid for only 3 years. Online instruction can only be taken every other renewal period, alternating with in-person classroom training.

The Refresher course MUST be completed before your current certificate expires. If not, you must retake the original 8-hour certification course. **Students MUST provide a copy of a valid initial training certificate or card that is not expired to participate in this refresher class.**

Discounted Tuition Fee to PDCC Members: \$105
